This beautifully designed two-story home has been owned by the same family since it was built in 1979. The open-concept family room, featuring vaulted ceilings and a cozy gas fireplace, is the perfect gathering space for loved ones. A second living room offers flexibility and could easily be converted into an additional bedroom.

Upstairs, you'll find three spacious bedrooms, along with a unique three-season sun porch—an ideal spot to relax with a coffee or glass of wine while taking in the peaceful westward views. The basement includes a private one-bedroom suite with a separate entrance, providing potential rental income or a comfortable in-law suite. The single attached garage leads into a workshop, making it a great space for crafters or woodworking enthusiasts. Step through the garden door to discover a screened-in back porch, which opens to a fully fenced backyard complete with fruit trees, flower beds, and plenty of room for gardening or outdoor activities.
